

The iNet Group

Webmaster Plans

The iNet Group's webmaster plans* provides a complete and affordable solution for hosting your site, keep it up to date for your customers, always have it in top shape, search engine friendly and worry free domain name registration. Our webmaster plans includes the following services:

1 - Managed hosting: iNet managed premium hosting includes 500MB disk space, 2.5GB monthly bandwidth, 25 POP e-mail accounts, 25 redirect e-mail accounts, e-mail forwarding, web-based e-mail and site statistics.

2 - Updates service: You want to keep your site up to date at all times, so our webmaster plans includes different number of updates or developers time per month** according with the webmaster plan selected:

- 59 Webmaster plan: 1 site update per month (or 1 hour of developer time).
- 89 Webmaster plan: 2 site updates per month (or 2 hours of developer time).
- 129 Webmaster plan: 3 site updates per month (or 3 hours of developer time).
- 159 Webmaster plan: 4 site updates per month (or 4 hours of developer time).

3 - Maintenance service: Maintenance services includes web site monitor, scheduled backups of your latest version of your web site and iNet on-call support.

4 - Search engine marketing and meta-tags optimization: We will analyze the best strategy to give you a successful web site and advise you of our best solutions for search engine listings such as Google™ and Yahoo™ pay-per-click programs*** as well as other marketing strategies if available that you may want to implement. We will also add and/or optimized meta-tags scripts**** on your site for better search engine visibility and positioning.

The iNet Group also offers advance custom search engine and optimizations services for your web site including optimization, promoting and tracking. Contact us for more details.

5 - Domain name registration: The webmaster plans provides domain registration for your company domain name. We provide this service through Network Solutions™ and we take care of the expense***** for a single dot-com domain for as long as you keep your account with us. We will also monitor expiration dates on your domain and take care of renewals for you at our expense.

Webmaster Plans Pricing Schedule

- 59 Webmaster plan: \$59.00/per month.
- 89 Webmaster plan: \$89.00/per month.
- 129 Webmaster plan: \$129.00/per month.
- 159 Webmaster plan: \$159.00/per month.

Please note:

* All our webmasters plans requires a one-year minimum commitment, after the first year you may cancel at any time, refer to our FAQ's section or contact us for more details.

** Some services and technologies like backend programming, database programming, ecommerce, Flash™ and ColdFusion™ among others will require additional fees and are not included in these plans.

*** Additional fees payable to search engines companies might apply if the client subscribes to any listings generated through paid advertising programs and are the responsibility of the client and not included in any of our webmaster plans.

**** We cannot guarantee search engine listing or positioning, meta-tags scripts might not provide results on search engines listing and/or placement. Results from search engines listing and/or placement might take a few months.

***** We cannot monitor or pay dues for domain names not registered by us through our Network Solutions™ accounts.
